

In our last correspondence, we reported that transition can be bittersweet, and our seven plus years at Nehemiah House on Valley Brook Campus had come to a close. We felt the shift. We knew it was time to build the dream that God put on our hearts at the founding of Families United Serving and Embracing.

As we sought the Lord in this time of transition it became clear by March/April that we were to take a road trip on an invitation to North Carolina by a former supporter of F.U.S.E who moved to the Wilmington area back in 2016. She help place our first mom into Nehemiah House.

A door opened to what we believe was a God ordained connection with One Christian Network with Founder Emma Baltezare. Emma introduced us to many service providers and resources who share the same vision to see low barrier housing to the underserved population in Wilmington and surrounding areas. Our hearts were knitted quickly and knew North Carolina was the place to build the tiny home community with people who have the same passion to serve women and children. There is a huge need here in Wilmington, NC and the zoning for this kind of community is much easier to achieve than in New England.

We stepped out in faith and with the unanimous board's approval we listed our multi-family home in Granby Ct. We closed on July 29th and by the grace of God the surplus from the sale will help us move closer to achieving the vision.

Our desire is to build the prototype we believe the Lord has given us which will be replicated to bring back to the Northeast and beyond. North Carolina has in place the community, resources and the zoning to pave the way.

We are beyond grateful for your unwavering support for years, entrusting us with the call to care for the orphan and widows of our generation to see lives transformed by the Love of Christ. We are reaching out to all our partners to share where the Lord is leading us.

With Joy Unspeakable,

Sherry Danalis  
Founder & President  
And F.U.S.E Board
